

Inside Edge Commercial Interior Services™ Grout Armor™

**Stained? Dirty? Unsanitary?
Hard to Maintain?**

**Tile & Grout look
NEW again
with
GROUT ARMOR™**

IMPROVE THE OVERALL PERCEPTION OF THE CLEANLINESS OF YOUR FACILITY

Instead of replacing your tile flooring, let Inside Edge restore it with the Grout Armor™ Color Sealant process. This unique process will restore or change the color of your grout without the use of harmful acids. The grout lines become impervious ensuring an easy to maintain and sanitary floor. Down time is minimal, and the work can typically be done overnight.

GROUT ARMOR™ COLOR SEALANT

- *Protects the grout and creates an entirely impervious flooring surface*
- *Changes the color of older grout to a fresh new color*
- *Eliminates odors trapped in the porous grout*
- *Keeps out harmful stains, bacteria, dirt, mold and mildew*

Call Inside Edge at 1-800-693-3439 or visit www.insideedgecis.com

How Does Grout Armor™ Work?

- 1. Titanium bonds to the sand in the grout.*
- 2. A special polymer resin keeps it stain resistant.*
- 3. Acrylic hardeners make it nonporous and easy to maintain.*

SOLUTIONS TO YOUR TOUGHEST CHALLENGES

NATIONWIDE FLOORING SERVICES

Inside Edge is a nationwide flooring service company that provides cost effective solutions for all your commercial flooring needs. We deliver the most advanced line of flooring maintenance chemistry and services available. As the national sales organization representing Grout Armor™, we can help you restore grout in office buildings, retail stores, hospitality and entertainment facilities, restaurants, health care facilities, fitness centers and schools — anywhere you have ceramic or porcelain tile. All work is guaranteed for one year, and with a maintenance contract, it is guaranteed for life.
